RE: *State of West Virginia v. Sherie M. Titchenell*
2020-F-76
Defendant's Rule 35(a) & 35(b) Motion for Correction and
Reduction of Sentence
URGENT

Your Honor:

I am writing on behalf of my client, Sherie M. Titchenell, to regretfully inform the Court that Ms. Titchenell desires to withdraw her aforementioned Motion. Ms. Titchenell has informed me that she is in great fear for the safety of her family, her support system, her guards and transport officers, my law firm, and for my own life, should the aforementioned Motion be allowed to be presented to this Court on October 28, 2026. My client's basis for this fear is numerous threats made against her and members of her family in the past few days, following the extrajudicial post made by Fayette County Prosecuting Attorney, Anthony Ciliberti, Esq., on the official Facebook page of the Prosecuting Attorney for Fayette County, West Virginia, on or about October 17, 2026. A copy of this post is attached hereto as Exhibit A, and is still available to the public.

Pursuant to the relevant *West Virginia Rules of Professional Conduct*, I have attempted to reassure my client that this Court can take the necessary steps to ensure the safety of all those persons involved numerous times; however, my client has remained steadfast in her desire, and expressly ordered me to file this letter, along with her direct correspondence and reasoning for her withdraw of the aforementioned Motion. Although I believe this action creates a disturbing effect, and poses significant risks for the miscarriage of our legal system, I am duty bound to follow the request of my client concerning this matter.

Regarding the circumstances of my client's withdraw of her Motion, it is my professional opinion that the extrajudicial advocacy comments made by Mr. Ciliberti were publicly communicated on an official government page, in a official government capacity, and reasonably calculated to lead to the dissemination of information that by means of public communication, would have a substantial likelihood of materially prejudicing these proceedings, by pressuring this Court. This was in direct violation of Rule 3.6 of the Rules of Professional Conduct, as although the Fayette County Prosecutor's Office has been recused from this proceeding, said office originally indicted my client, and these matters have not been removed from Fayette County, where Mr. Ciliberti currently serves as the elected Prosecutor.

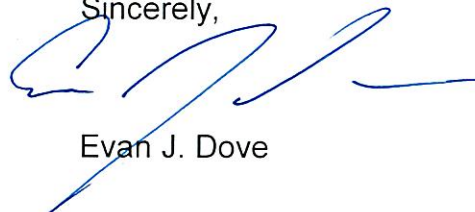

Further, it is my opinion that these comments were in direct violation of Rule 3.7(f), in that these comments were not made to inform the public of the nature and extent of the Raleigh County Prosecutor Office's actions, they were clearly made to advocate for and, "have a substantial likelihood of heightening public condemnation" of my client.

As requested by my client, I am attaching a direct message to this Court concerning the aforementioned; it is attached hereto as Exhibit B.

Should the Court require anything further, please do not hesitate to contact my office.

Cc: Counsel of record, via e-filing

Sincerely,

Evan J. Dove

In 2022, Marty Browning, Julie Browning, and Sherie Titchenell were convicted of child neglect resulting in the death of child in Fayette County Circuit Court. All three were sentenced to prison and all three have been denied parole both times they appeared before the parole board.

On Monday, October 19, 2026 at 10:00 a.m., a hearing will be held before Circuit Judge Tom Fast on a Motion to Correct Sentence and Motion for Reduction of Sentence. A possible outcome of this hearing is that Ms. Titchenell could be granted probation.

My office disqualified itself from the prosecution of the case as my wife was a State's witness and the case was prosecuted by a special prosecutor. As I am not involved with representing the State, I just found out about the hearing late yesterday through happenstance.

I would encourage anyone who is able to attend the hearing to attend. The public needs to demonstrate we take cases involving the death of a child seriously and that we view a prison sentence as being appropriate where someone causes the death of a child

I find it sad that a public official who has secluded himself from my case and has no real information believes that inmates can not be rehabilitated this is not true I am not the same person I was and I value each and every life I believe my decision to ask that the transport order be cancelled and the court date also I ask that proof of the transport being cancelled be sent to LCC as soon as possible I will not put a life endanger because of me and if this does not show rehabilitation nothing will I would rather stay put than endanger anyone. This is a terrible and sad case heartbreaking I know I deserved prison time and I accept this I do not
